# Modular Buildings

## Details and Facilities

The Pasuda Modular Buildings concept offers a fast track solution to your office space problems.

This is achieved by providing a complete building within 8 to 10 weeks from order, all fully compliant to building regulations.

Tried and tested by many organisations, Pasuda has successfully co-ordinated and managed countless projects from initial design to completion all within time and budgetary restraints.

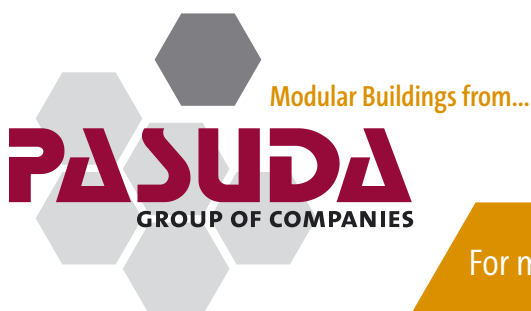

Hire, sale or individually designed purchase options available.

Refurbished  
units available  
if required

**ADDITIONAL FEATURES** Countless options on design and facilities
